Individual (in da vij oo al) adj. 1. single; separate.

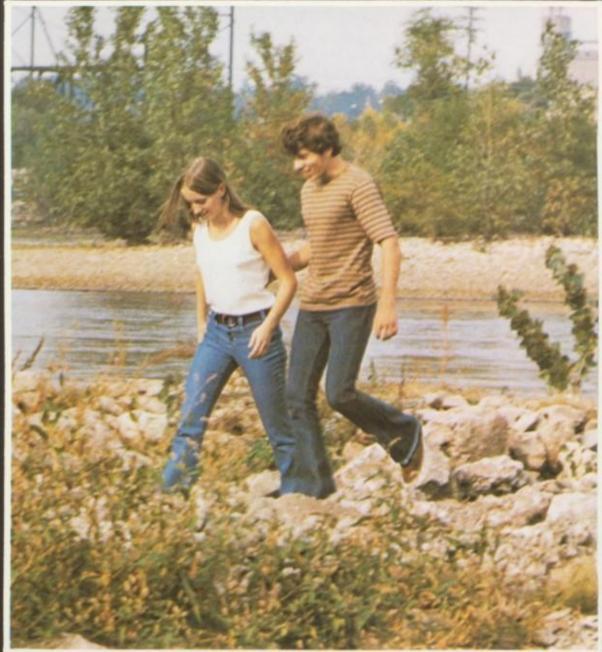

2. distinguished by peculiar characteristics; exhibiting individuality.

n. 3. a single, human being.

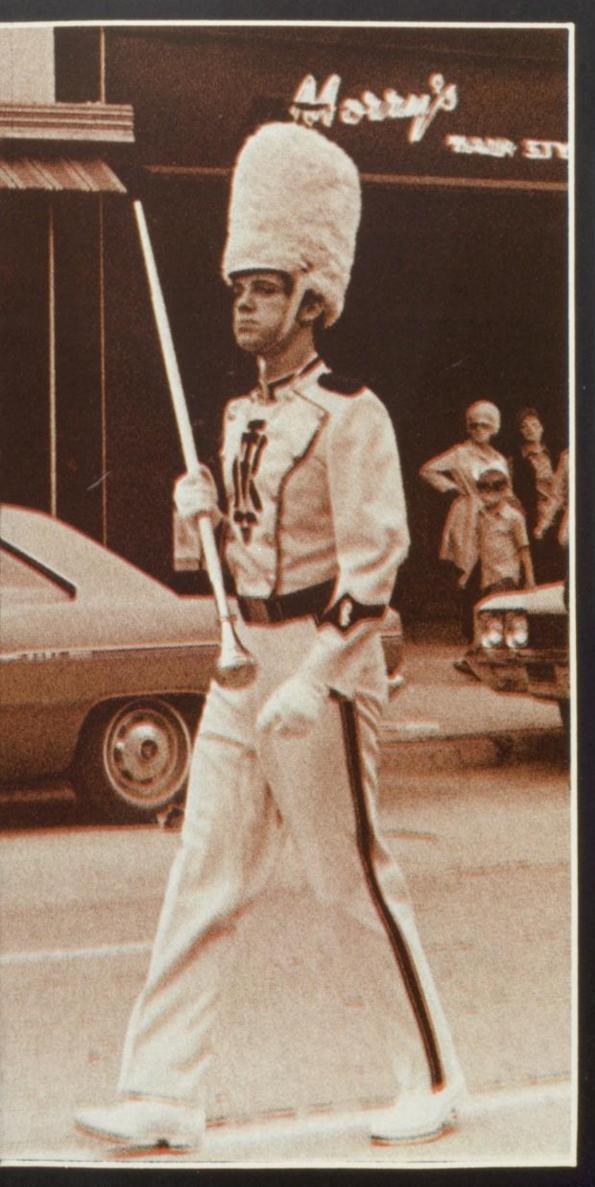

4. distinct, indivisible entity.

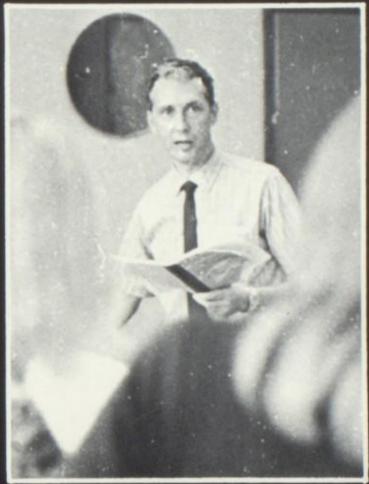

Rocky — 2500 individuals together as one.

Rock Island High School, standing three decades Holding different meanings for each member ... to some, an incentive, to others, a zoo, and to still others, a step along the way.

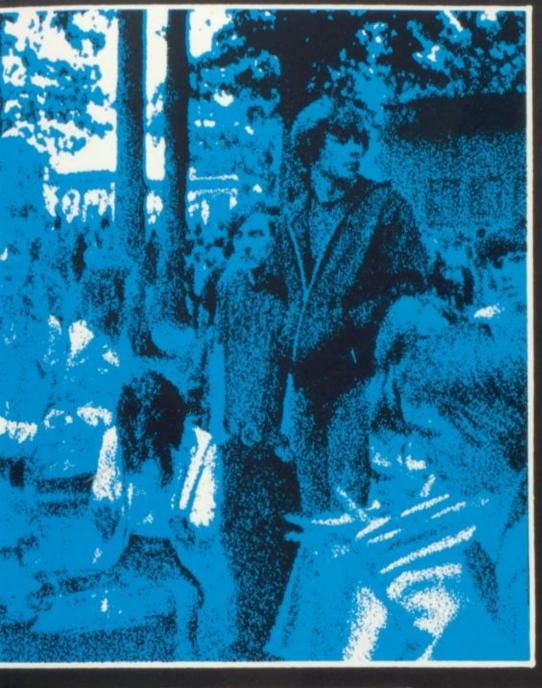

Parking lots, assemblies, classes, Proms,
Queens, walk-outs,
parades, teams, skips,
tardies, detentions,
winning, losing,
with whatever sleep you
can grab in between,
are all part of the game.

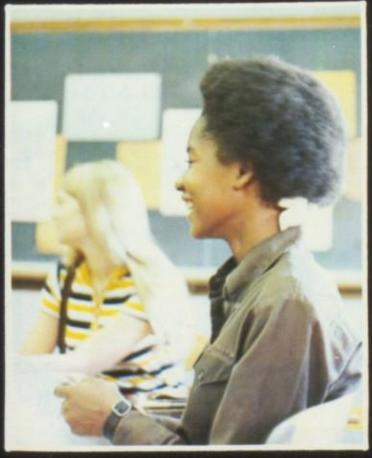

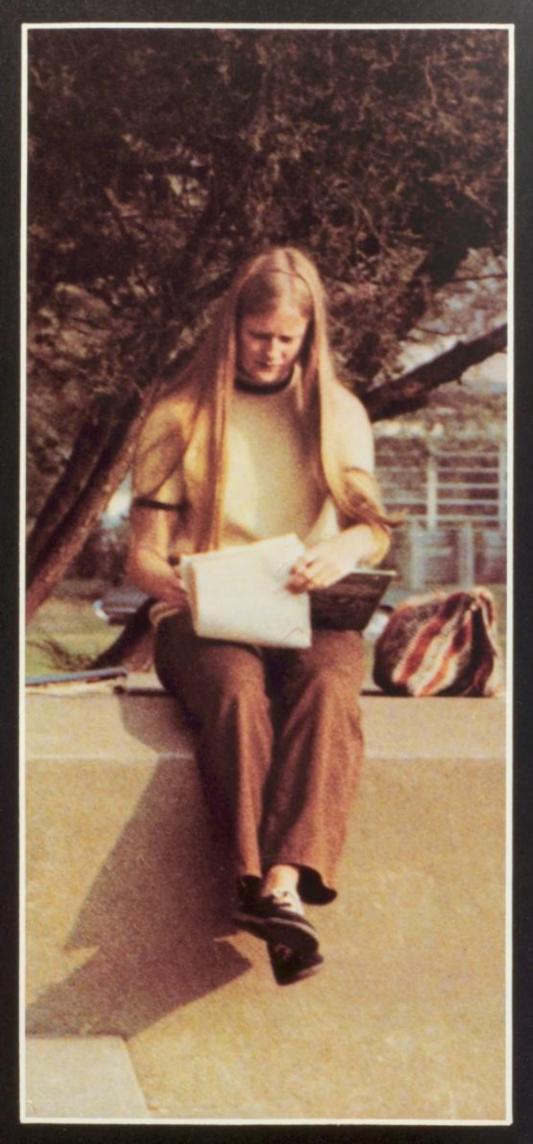

2500 individuals
2500 separate views
Tensions build.
Tempers snap.
Words are thrown,
exaggerated through the
local grapevine.
Soon routine is restored
again
through student endeavors.

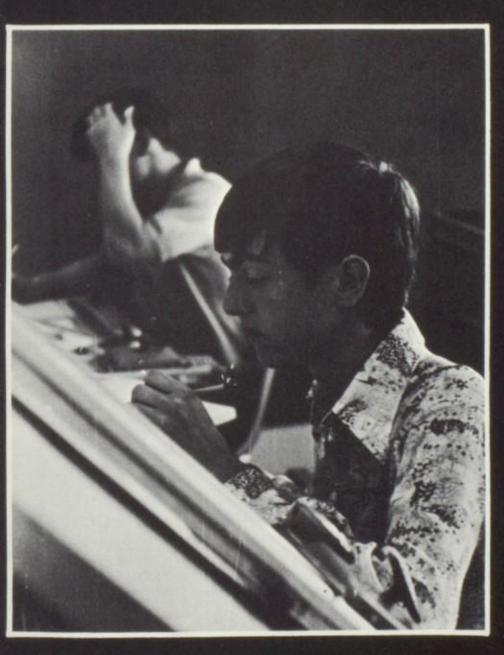

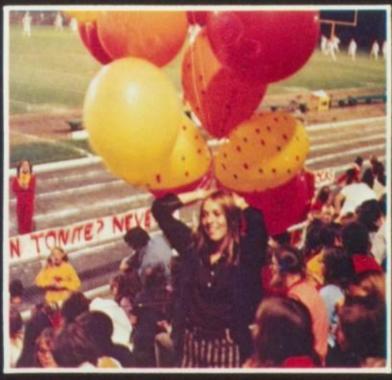

Future plans begin to materialize. From creating an art form to learning a trade, students delve into their own special interests, learning their strengths and often, their weaknesses.

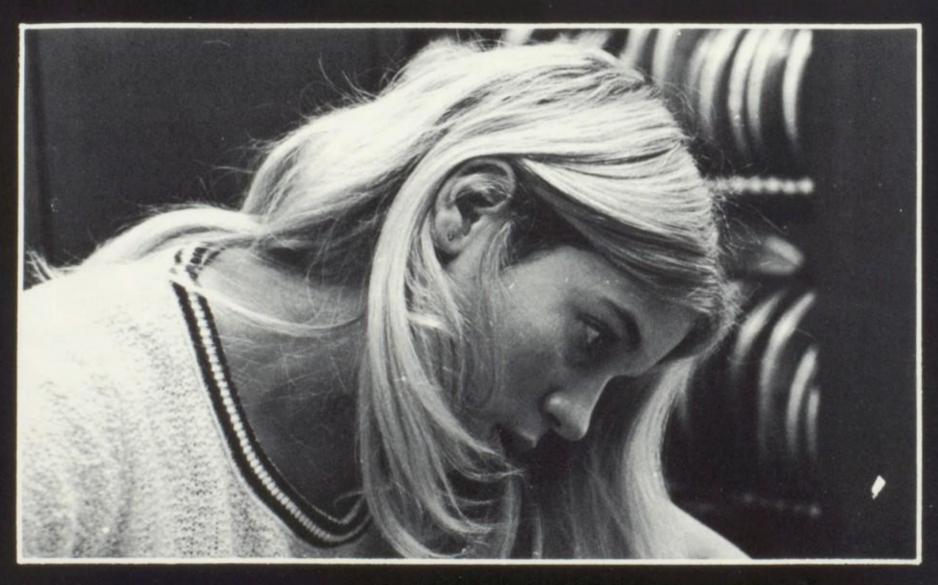

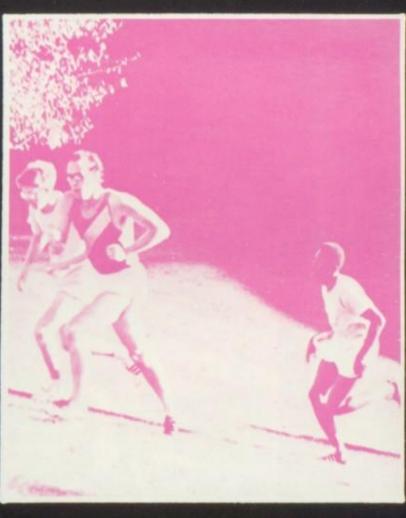

All work and no play could spell the blahs for anyone.
Joining, laughing, scheming, alibis, gossip, and notes spell the lighter side of survival.

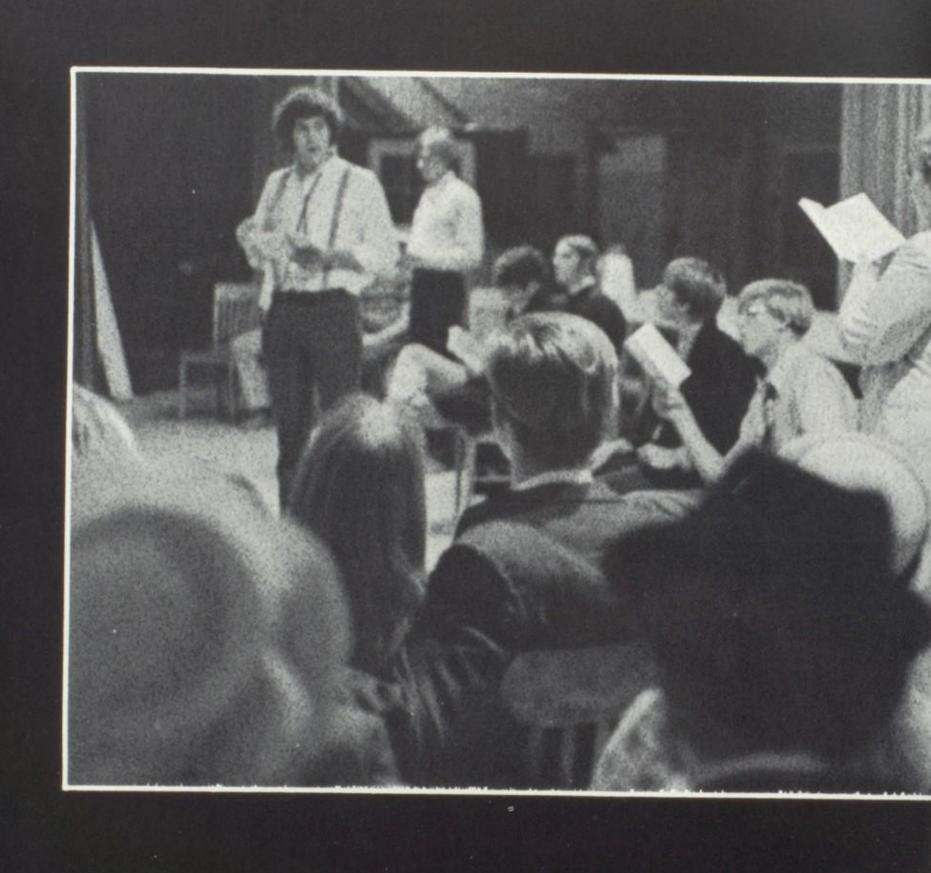

And through it all, within the mighty masses, persons are striving for recognition, identity, a place in today's world as a single, human being.

They are well on their way, for already they are unique;
They are individuals.

ACTIVITIES

Seniors Achieve Goals

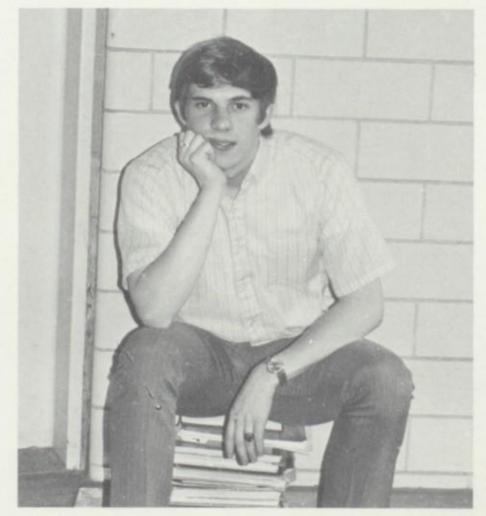

Sifting through a class of seven hundred forty members, through an admirable assemblage of National Honor Society initiants, and again past the top 5% of 1972, we find ten who have emerged triumphant, still breathing, wearing well deserved glows of self-satisfaction and achievement. Indeed these are the elite, excelling beyond their classmates in academics. Exhibiting ambitions, living in-depth lives for the preceding four years, deserving their positions, these are the big ten.

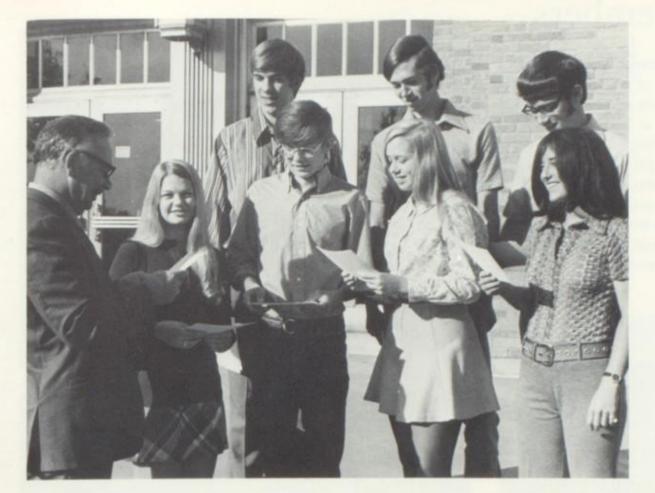

And once again, the select, the maximum of Rocky intelligence, the 1972 valedictorian and salutatorian, these two are paid special tribute at graduation time and honor us by speaking at commencement.

TOP RIGHT: The top ten students of the 1972 graduating class are as follows, in respective order. John Cochran, Valedictorian; Mike Dockterman, Saludatorian (missing from picture), Lyn Green, Marianne MeElvain, Karla Slivken, Lynn Liston, Jody Rudd, Tracy Mitchell, Diane Akin and Debbie Andrews. OPPOSITE: John Cochran, valedictorian, leaves his studies behind him. ABOVE: Mike Docterman, saludetorian, gets into the picture.

Students Receive Academic Honors

The second half of high school life brings with it preparations for the future. For the college-bound junior, one of these measures includes participation in the National Merit Scholarship Program. Those students receiving exceptional grades on a national basis receive letters of commendation. Students attaining a specified high minimal become semi-finalists; this year Rocky produced Mike Dockterman as its semi-finalist.

Time flies as every member of the 1972 graduating Top 5% knows. These students represent the working class of Rocky. After four years of striving to push that grade just a little higher, the honor is well past due.

102 Become Members

From ologopolistic industries to iconoclastic nihilism and beyond, the hundred and two members of the 1972 National Honor Society are kept in a constant state of awareness. This group represents the cream of the crop at Rock Island High School. Members can look to a past of long hours spent in the library reading Dr. Reuben, sleepless nights out on the town, eye strain from sitting too close to the tube, but still the maintenance of a 92 or above grade point average. Obviously, the past four years were not all play and no work and graduation time brings much pride for these students. Society members receive much deserved recognition and honor at their induction service and banquet.

Students Lean Toward Writing

Earning recognition for their avid interest in journalism and for services rendered, ten Rocky seniors were chosen as members of the National Quill and Scroll association. These students were those historians and reporters recording the past and informing the school and community of current events. Members had to have worked on staffs of the Watchtower and Crimson Crier, and have been in the upper third of their class.

Also keeping Rocky news in the foreground were the two Times-Democrat correspondents, Peggie Hotle and Pete Soderberg, who submitted articles weekly to the Times-Democrat's teen page.

Rotary Selects Eighteen

Each month the Rock Island Rotary Club brings two young men from Rocky into their ranks. Senior males may qualify for this distinction through their good citizenship, promising leadership and grades throughout high school.

The eighteen junior rotarians are chosen by the faculty. These students are invited to a luncheon every Friday where they meet and discuss topics with senior Rotary members and listen to speakers on various subjects.

Junior rotarians serve as models to the male population of Rock Island High School. They are the future leaders of tomorrow's society.

Eight Given Recognition

At Rocky special recognition is awarded to students excelling in commendable qualities of character. The year 1971-72 brought honors to a handful of seniors. The Daughters of the American Revolution chose Tracy Mithchell as their model of good citizenship.

Traits of honesty, diligence, and responsibility led to Rocky's representation of Debbie Phelps and Rick Malm at Girls' and Boys' State.

And finally, leading the graduating class of '71 as junior marshalls were Mike Dockterman, Lynn Foley, Mark Greenleaf, and Tracy Mitchell.

Student Voice Is Heard in Senate

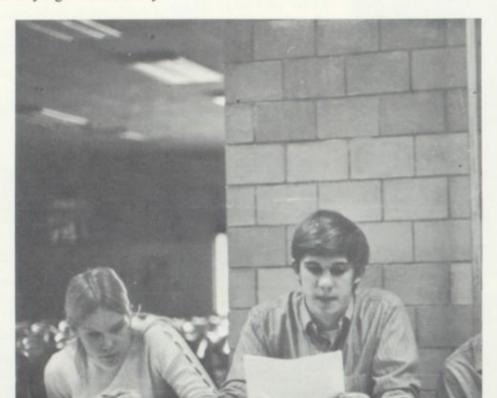

The RIHS Senate is composed of one representative per homeroom, accumulating a total of ninty Senators. These ambassadors are chosen to be the voice of the students.

The 1971-72 Senate strove to put trivia aside and concern itself with positive protest. Major steps were taken towards revision of enforced, although non-existent school rules. Months of committee hearings were held for student suggestions and a final resolution was presented to the Board of Education. However satisfying or dissatisfy-

ing the results were, a milestone between students and true self-government was touched.

The 1971-72 Senate chartered several new clubs, most concerned with human rights, among them ACLU, FREE (civil rights), and the Black Student Union. Improvements were made; table knives were allowed in the cafeteria, new locks for the girls' gym doors were ordered, and music was piped in the cafeteria and lounge. Rocky also worked with the QCSC.

Efforts Aid Community

Sponsored by the Rock Island Kiwanis Club, roughly thirty Rocky boys band together to form the Key Club. Their purpose is to function through programs that are of benefit to the community or school.

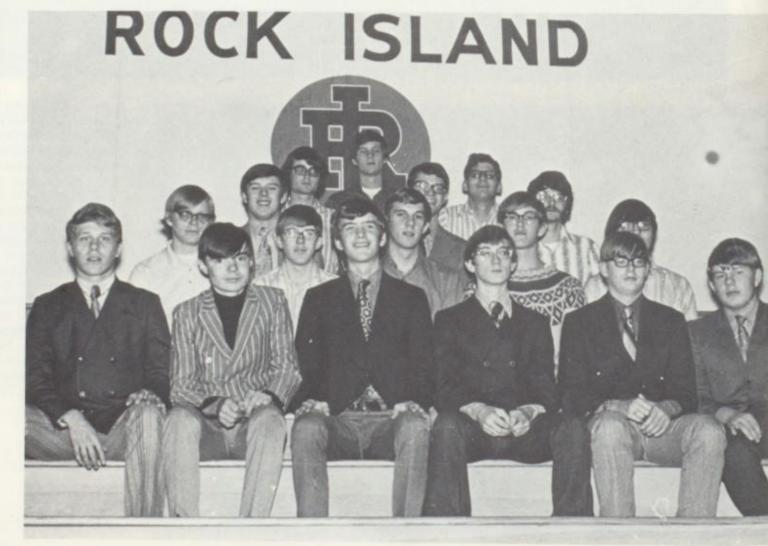

Key Club, this year, collected 3500 magazines during a drive for the East Moline State Hospital. In the District Key Club Stamp Drive, where money from stamps was used to finance anti-tuberculosis efforts, the group sold 4400 stamps. Aftergame movies were compliments of the Key Club, as was the folding and selling of programs at football games. Members of Key Club also put a lot of time and effort into the making of their yearly Kiwanis Carnival.

Under the leadership of Pete and Kevin Maisenbach, Ken Slivken, and John Schwiebert, Key Club enjoyed a successful year.

People-to-People Cherish Memories

Six Rocky students had and took the opportunity to travel abroad last summer with the People-to-People Program. Three spent six weeks in Europe, while the others journeyed around the world in fifty days. The first group departed, after a two day orientation in Washington D.C., and spent their time shopping on Carnaby Street, and "noodyhammering" in the Swiss Alps on July 4.

The second group circled the world, crossing through southern Europe, Asia, the Far East, and the United States. Many of their most vivid memories were culinary — eel, squid, seaweed, goat, and anteater. Many of these were experienced twice. Home again — bringing slides, snapshots, and irreplacable memories to live again.

World Relations Grow Stronger

Did you realize the world is decreasing its size considerably and consistently each month? So it would seem from the efforts of the American Field Service Club, who meet every last Tuesday of the month. This group promotes international understanding and the exchange of cultures between different peoples.

AFS sponsors foreign exchange students to Rock Island and sends Rocky students abroad. This year, RIHS hosted students from France, Germany, and Argentina. Funds come through the AFS Drive and the sale of Christmas cards.

4 Exchange Students Meet Rocky

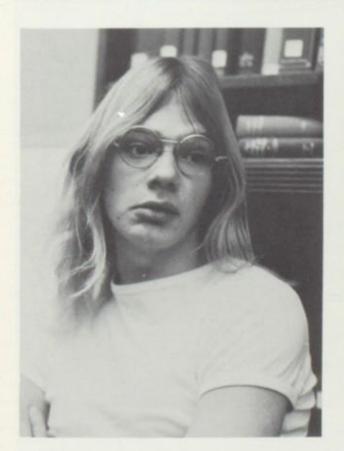

Daniel Raviolo of Argentina, Martine Parot of France, and Rainer Kopp and Jochen Kruse, both of Germany are the foreign exchange students. No credit is received for their year's stay so the students must finish from one to three years of all required subjects upon their return home.

Martine likes people-psychology, character thru lit, drama and religion. Martine belives "Religion is basically what people are about." Rainer likes sports, especially judo in which he has a yellow belt. Daniel, confirms his prereality impressions.

Jochen, Daniel and Rainer have interests in politics. Jochen feels students should be educated to criticism and critical thinking but thinks the system is afraid of the same. "I'm glad to attend Senate and QCSC meetings to see democracy at work" stated Jochen.

Contrasting opinions, tasted and memories form a new perspective for foreign exchange students.

Eight Venture to Mexico

"Bienvenidos". Welcome. Welcome to the Pan American League, an organization of students held together by a common interest in and appreciation of the Spanish language and culture.

Pan Am members met every last Wednesday of the month. Various activities accent their meetings. Often they had speakers from various countries, including Costa Rica, Mexico, and Argentina. Winter brought the annual Piñata Party, with a taco party in the spring.

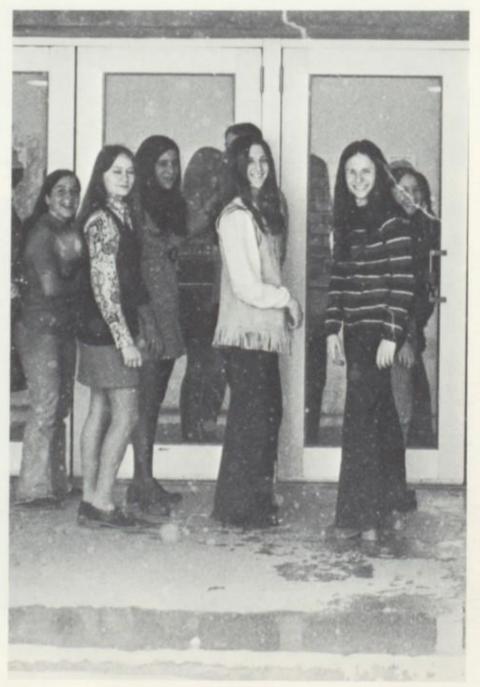

Eight members climaxed their year with a trip to Mexico over Easter vacation. These students spent ten days visiting areas such as Mexico City, Taxco, and Acapulco.

RIGHT: Pan-Am meetings also draw lots of members. TOP LEFT: Leading the club are the officers: Kathy Albrecht, Tracy Mitchell, Debbie Andrews, and Sue Headley. TOP RIGHT: Snowballs fly through the air as members have a contest to see who's can go the farthest. ABOVE: Cabinet members burst thru the door for the next meeting.

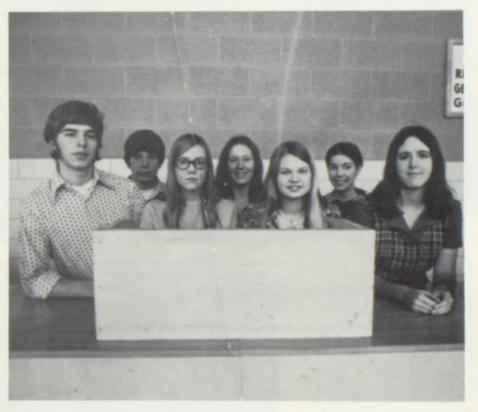

German Members Hear New Ideas

"Some of the women wear long, full gathered skirts or jumpers, embroidered or banded in braid. Their blouses are white with great puffed sleeves pulled in close at the elbow or wrist. Short jackets or bodices lace tight at the waist, and the whole outfit is topped with an apron of some gay color". Typical Rocky garb? German Club members may recognize the description as that of old German village costume. Learning of the German way of life is one aspect of the club.

The approximately thirty members of German Club meet in Room 133 under the supervision of Frau Bowman. The group was fortunate to have two German Foreign exchange students with them this year. Other highlights were a tasting party, Christmas Party, and trip to the Amana Colonies.

Cabinet members are Jane Robinson, Tara Palmer and Tom Rockwell.

Rocky Looks at France

Les terrines d'alouettes truffées. Quelques feuilles jeunes du jardin. Le café noir. Most would not recognize these phrases at a glance. Suppose they were on a French menu (which, incidentally, is where they belong) would you, then, have an idea what you were ordering? The majority of French Club members would; an understanding of the French language is a major bond between this group of students. They also have an interest in the customs and way of life in France. Breathing in the Eiffel Tower, gazing at castles on the Rhone, or feeling a lone windmill in Brittany may be experienced through every ecstatic detail from a French foreign exchange student. Activities for the year included a spring trip to Chicago, a tasting party, a football game with their Continental neighbor, the German Club, and a button sale.

Enrichment Is Club's Goal

Hopeful future poets, authors, and critics assemble monthly, bearing the title of Literary Club. The organization consists of twenty members under the leadership of Pete Soderberg and Ann Erwin. The students divide themselves into two groups, the Creative Writing Section and Literary Criticism Section. The Writing Section concerns itself with student poetry, short stories, and other writings. Both groups may then discuss the shortcomings or strong points of the work. From this young writers perceive different views on their creativity. The Criticism Section chooses, usually, a novel for the group to read and analyze. Chosen novels were "Johnny Got His Gun", an anti-war novel; "The Hobbit", a sophisticated fairytale; and "Cat's Cradle", a spoof on a futuristic society. However, any art work may be criticized.

Literary Club also helped the Creative Writing II classes in producing their literary magazine.

BSUCS Begins at Rocky

One of the several new clubs chartered by the 1971-72 Senate was the Black Student Union, started before Christmas. The organization is sponsored by Mr. Johnson and Mr. Bradford. New officers are Otis Boone, Billy Wilson, Cheryl France, Lynn Jackson, and Gay Shannon.

In this organization of some thirty to forty black students, the goal is to create better relationships between black students and the Rock Island community and schools, and to unite black students in self-pride.

Projects included a Canned Good Drive for the needy of Rock Island, a Martin Luther King Memorial Assembly in April, and a banquet honoring all of Rocky's black athletes.

Campus Life Adds Friends to Fun

Inciting a student riot is the charge against Campus Life. Is this a false accusation? Not when you realize a Riot is a Campus Life gym night. Other bizarre activities include George Washington's Birthday Party, Bug Nite (a VW pushing race), and a Wild Goose Chase, which leads participants through

shopping centers, asking "Goosey, goosey, gander?" of perfect strangers. Attending the Holiday Teen Convention in Chicago highlighted their year.

Campus Life meets weekly to discuss issues relevant to high school life and to bring about some sort of solution or insight.

Radio Is Common Bond

Radio Club consumes another quarter of Rocky's Science Council. This organization consists of approximately twenty members and is open to all students showing an interest in the field of radio and/or electronics.

Members do such exciting things as climbing on the roof to install antennaes. Morse Code, wires, watts, waves, WB9DGP, and SCC; sound confusing? Radio Club makes all the answers clear.

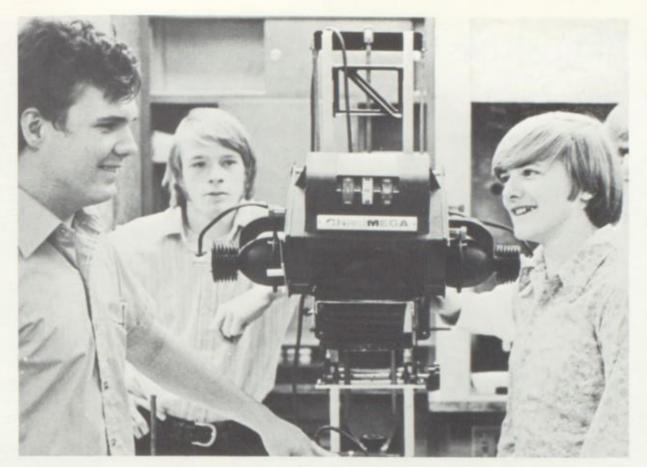

This year, the group acquired their new Citizen's Band Station, which allows them communication around the world. They also received their amateur license, the SCC, from the Federal Communications Commission. Radio Club played a major role in the spring Walk for Hunger. They kept communications alive between check-in points. Radio Club keeping communications with people alive.

Club Captures Rocky on Film

Entire stories may be traced with the click of a camera. They capture that which may go unnoticed or lost in an instant. Photography in '72 was a Major form of art, inching its way into everyone's life.

Camera Club kept the pace with this boom in photography. At monthly meetings, members were familiarized with different cameras and developing techniques. Being a part of the "big four" Science Council enabled them to procure a new color outfit to develop color prints for the first time at Rocky. Camera Club also makes valuable contributions to the production of the Watchtower and the Crimson Crier.

TOP: Ed Avilla, Jay Larson, and Rick Malm check out some new equipment. CENTER: Camera clubbers discuss plans for a video tape project. BOTTOM: Facing mirrors provide a unique opportunity for a picture.

Council Draws Inquisitive Minds

Would you like to sit on a star? Or carry moonbeams home in a jar? Science Council can't promise such extremes, but fast-growing advances in the field of science cannot be disputed.

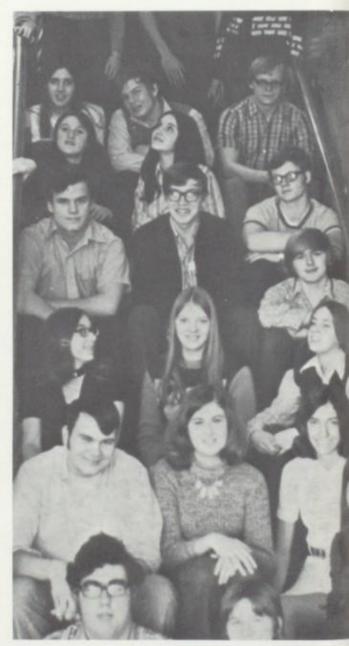

The RIHS Science Council is a combination of the Radio, Camera, Science Clubs, and Fraction Faction. These groups all meet together once a monthly and work cooperatively for otherwise fewer benefits. The Science Council does all concession work. Money earned is spent on new equipment for each club.

Besides star-gazing, micro-probing, formulating, theorizing, and equating, Science Council eats. The organization features a yearly steak fry and Christmas Fondue in the Lab. Baked clams, ox tongue, green cheese, anyone?

Science Interests Many

Science Club represents one quarter of the powerful, evergrowing Science Council. Its doors are open to any person with an interest in the large and varied field of science. From atoms to lunar launchings and in between, the thirty members of Science Club delve into any aspect appealing to one's curiosity.

Besides bearing academic benefits, Science Club is a place for social contact. Social drinking from a beaker or roasting marshmallows over burners is a tempting reason for joining the organization. Movies on different topics were discussed. Guest speakers were procured from various fields. One of the more interesting of these was a demonstration of hypnotism. All this was Science Club.

Chefs Seek Food Career

Chefs and Junior Chefs, the junior and senior divisions of Food Service, are a part of the RI Cooperative Education Program. Under this program, any student, at least sixteen, may attend a half day at school, fulfilling required and related instruction classes, and spend the other half at a job. In Chefs and Junior Chefs, this job must be in the field of food preparation. Two credits are received for the related class and job. The Food Service Program is one of a very few like it in the nation.

The major fund raising project of both classes was an entirely student produced cookbook. Recipes were collected from various people, including Mrs. Richard Nixon. Over 400 copies were sold. The money will be used for an employers' banquet. The group also participated in the National Restaurant Convention held in Chicago.

Future Health Members Look to Health Careers

Although only in its second year of existence, Future Health Careers has taken shape and appears to be a permanent addition to Rocky's line of clubs and organizations.

FHA's officers are Lisa Paul, President; Laurie Kuenning, Vice-President; Carol Ginneberge, Treasurer; and Barb Thomas, Secretary. Their goal is to provide an understanding of various health careers and to help students choose among them.

Members of the FHA participated in a Thanksgiving Party, went Christmas caroling, planned a trip to Chicago, and collected cans to help the needy in Moline. They also help in the clinic and at St. Anthony's Hospital.

FTA Prepares For Educational Demands of Tomorrow

That thing called the communication gap, namely between administration and students is close to being extinct — through FTA.

Future Teachers of America is an organization aimed at exploring the possibilities of a teaching career. Students involved discover the trials, tribulations, and sometimes, far and few joys of being an instructor.

This year's club is headed by Jody Wendland, President; Kathy Hughes, Vice-President; Dora Blocker, Secretary-Treasurer; and two program directors. The group has a membership of approximately fifty, whose goals are to deter-

mine how well they work with other people. Activities included touring Blackhawk College and special educational schools, having guest speakers and student teachers to their meeting, and having panel discussions.

Teens Prepare for the Future

The Cooperative Education Program is a combined effort of the school and community to provide on-the-job training for students. Enrolled students attend school half a day. This time is devoted to required subjects and a related course. This class is spent discussing occupational material as a group, as well as specific related instruction on an individual basis. For the remainder of the day the students receive training in the basic skills of an occupation, at an acceptable work training station in the community.

A toal of two credits per semester may be earned from the program, one credit for the related instruction class and one credit for the work experience. Students receive pay for the on-the-job training at the same rate that would be paid any beginner in the same occupation. Students are required to work a minimum of fifteen hours per school week.

CWT is one division of the Cooperative Education Program; there are several others. These include Distributive Education (retailing work), and Career Orientation.

The Cooperative Education Program is available to any high school student who is a junior and sixteen years of age, indicates a vocational objective, and has a specific vocational need.

Math Minds Delve Deeper

Fraction Faction. A club with relevancy in the foreground, a club to match the times in an industrial, clog-reeling, button-punching age, a club unique in its purpose to acquaint students with modern mathematical applications and to work with man's best friend, the computer.

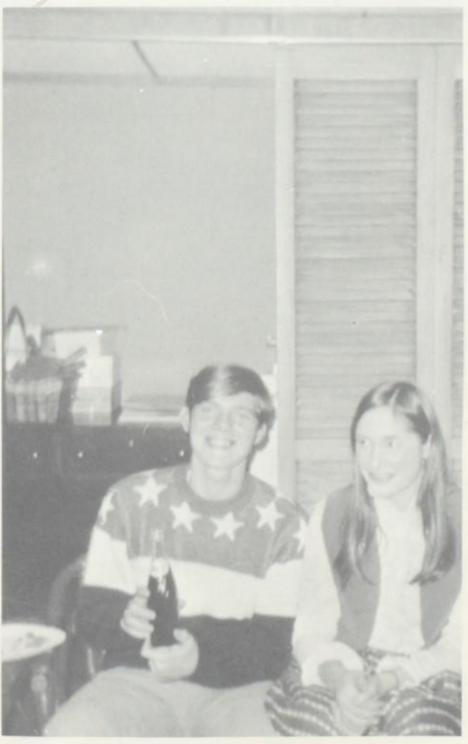

Under the direction of a quintet of sponsors, the approximately thirty members of Fraction Faction planned their year's activities, manipulating time to the best advantage. Trips were made to the Cordova Atomic Energy Plant, the Iowa City Computer Center, the Augustana Planetarium, and other computer centers. Also on the agenda were visitations from CPA's and businessmen to be exposed to various accounting systems. A Christmas party and spring picnic were offered as comic relief.

Rocky Ski Club Members Anxiously Await Winter

Imagine flashing down a hillside at 60 miles an hour, gasping for breath from the biting air, blinded by the snow flying past. Or maybe, stumbling down the same slope at an immeasurable crawl, searching for a breath after your fall, blinded by your own tears? It's all in the fun of Ski Club, a strictly sporting group.

Through skiing trips to Alpine Valley and Chestnut Hills, the beginner has many opportunities to better himself, the expert, to exhibit his talents. Ski members are easily identified on Mondays following skiing week-ends — leaving at 4:30 a.m., sporting all day, and returning late that nite result in usual fatigue.

The first cry of male discrimination a Rocky was voiced and answered this year. The result was a barrage of males infiltrated the traditionally female ranks of Pep Club. This union of Pep Club and "The Section" made for an enthusiastic group of fans backing the Rocky teams all the way.

The name Pep Club brings memories of Thursday night painting sessions, reprimands from Mr. V. on Friday mornings to clean up the mess, "Express Yourself' signs in the cafeteria, such creative slogans as "Beat'em Rocks", and no-no slogans from the Section. There were red and gold creped hoops at football games, bake sales, buses to out-of-town battles, and a 120 yard bed-sheet sign from the Section welcoming you to the 1971 Homecoming Game, then falling apart; it's the idea that counts. Pep Club is a club with an idea, a feeling, a cause, always there, year round, supporting, applauding, and cheering.

Girls Find Athletic Ability

GAA Girls' Athletic Association. The organization is as the name implies, a group of high-spirited Rocky girls banding together monthly to share a common interest in athletics. Advantageous by-products of their gatherings were the development of good sportsmanship, the creation of a challenging atmosphere, the discovery of new friends, and memories of good times with "already" friends.

GAA's main responsibility lies in their annual Homecoming undertaking. This year brought a frantic night-before slumber party, producing a menagerie of tigers, turtles, camels, elephants, a peanut stand, and a pony-hung carousel-throne with a theme, "Under the Bigtop". Under the direction of its four officers and the sponsorship of the girls' physical education teachers, the 150 members of GAA, at typical meetings, follow their athletic inclinations. They might be found on a diamond, horse, court, bar, alley, mat, board, field, or fairway. Highlights included Co-Rec Nite, Pa and Me Party, the Spring Slumber Party, and the Mother-Daughter Banquet.

Fun and Community Aid Are Combined in Y-Teens

"Y-Teen spirit, pep, and go." Many Rocky girls have been hearing the phrase since they were only twelve. Y-Teen girls usually are on the go, mixing fun with service to their school and community.

The organization consists of two to three hundred girls divided into the Sophomore and Varsity Clubs. Some of their activities include tag days for worthy causes, a Christmas party for Head-Start children, collecting for the Heart Fund, an annual Lenten service, and Senior Farewell. Officers and cabinet members were installed by candle-light at Archie Allen with all club members invited to an overnite afterwards. The year was highlighted by the annual Sweetheart Swirl. The 1972 theme was "Primary Pranx" and was as successful as the entire Y-Teen year.

Muscle Bound Specialists Excell

Lettermen are Rocky's musclebound circle of athletes. These are specialists in their field whether it be football, wrestling, baseball, track, tennis, basketball, golf, or swimming. A Letterman has excelled in one of these areas and has earned his emblem of proof which is a gold RI to place on a red sweater. The highest esteem one could have is a red sweater suffering from a gaudy collection of letters, patches, and medallions. Letter sweaters are a record of the past, a source of immeasurable pride, a vivid reminder of achievements and success. Letter sweaters are to be sported, saved for years to come, lent to someone who sees the "special" written on it, treasured; but most of all, they are to be symbols of the Lettermen who earned them.

Poise and Ability Are Combined

Nearing that extreme known as perfection with every kick and stroke is the goal of every girl active in the Dolphinettes. Try-outs were held to determine those girls with the most potential. Swimmers, freshmen through seniors, are tested for their grace, poise, and ability. Required stunts include the kip, somer-sub, and dolphin. Try-outs are tense and tiring, but produce the best in swim teams.

The team immediately begins weekly

practices, preparing for the Dolphinette's night of glory when they present their annual swim show. One month before production nights, March 16-18, practices began daily at 7 a.m. and lasted until 6 p.m. Emphasis was placed on synchronization, grace, and poise. The show involved seventh grade through senior girls and junior and senior boys. Such hard work was rewarded by a cast party held afterwards.

Teen Democrats Rally for Elections

Young Democrats differ in their government head — they are led by a cabinet, in contrast with the usual executive set-up.

The donkey party aims to support the national Democratic Party. It is an organization offering aid to the candidate of their party's choice. This may include bumper stickers, passing out pamphlets, stuffing leaflets, or pledging aid to national, state, or area candidates as in previous years.

Perhaps lacking in organization, the Democrats are overflowing with enthusiasm and are anxiously looking forward to the coming elections.

Republicans Bring Politics to Rocky

What does a political group do in a non-election year? They have fun and work, (that's merely alphabetical order). Young Republicans is a group designed to install enthusiasm and support the Republican Party, besides providing a place for students to express political views.

Led by Debbie Phelps, North Jersild, Molly Patton, and Terry Boldt, are the thirty-four members of the club. This year they have collected money for the GOP Party, have planned parties, worked in concession, made a HC float, and are looking forward to the upcoming campaigns.

Drama Club Cultivates Acting Spirit

Impeccable imposters, skilled schizophrenics, and flawless forgers of the mind, the mood, the man, such are the magical endowments of a drama master. However, magical is not the word know-how is not inherited or bestowed with the wave of a wand. The near sixty members of Drama Club will tell you, the secret is hard work and concentration. Drama Club is an open

door to the ropes of the stage.

This year's Drama Club play, under the direction of F.E. Malcolm, was "Inherit the Wind". Drama members also participated in other school plays, ushered for Broadway Theater League, raised funds for renovating the Little Theater, and presented the Rockademy Awards.

Sr. Glee Makes Harmony

Senior Glee is perhaps the most excellent display of teamwork at Rocky. Nearly ninty junior and senior voices coming together as one, then separating to overlap as perfectly as any collage. Soprano, alto, tenor, and bass are all integral parts of a whole.

Senior Glee strives to satisfy you, the customer, planning ahead for near flawless results. Carole King, Simon and Garfunkel, and other classicals are sounds from the Pops Concert. Assemblies, Christmas Program, and participating with the Mississippi Valley Orchestra Festival in March are all Senior Glee activities.

18 Sing Chamber Music

Eighteen voices weave themselves together to form one special blending of sound, that of the Chamber Choir. Under the direction of Murray Osborn, eighteen young singers, both juniors and seniors, meet daily for practice, practice, and more practice in achieving just that certain vibe recognized by all Rocky students.

Chamber Choir is dedicated primarily to the study of choral literature during the Renaissance and Barogue periods when chamber music was prevalent. However, the group has been known to weaken and succumb to now sounds, such as "Close to You" at the Homecoming Dance.

Activities include programs for civic and church groups, exchange assemblies, Rocky choral concerts, the annual Pops Concert, and their own year-end Chamber Concert.

Girls' Voices Mix

A bevy of beautiful feminine voices gathered together each day from 1:50 to 2:45. Typical sewing circle? No, this assemblage of musically oriented girls, known as Girls' Glee Club, is given guidance and instruction by Murray Osborn. Music ranges from contemporaries to goldie oldies, with the emphasis on performance, precision, and perfection.

Girls' Glee was active in a number of concerts, including the Pops Concert. They gave programs at Hauberg Civic Center and Namequa Lodge, and participated in the play, "My Fair Lady".

Bands Play for Listening Enjoyment

Upon arriving on the school grounds any autumn morning, Rocky students will inevitably find themselves marching into school, perfectly in step with the Rock Island Marching Band. Practice makes perfect and so the band unites in song and music every morning, whether in the class or on the field.

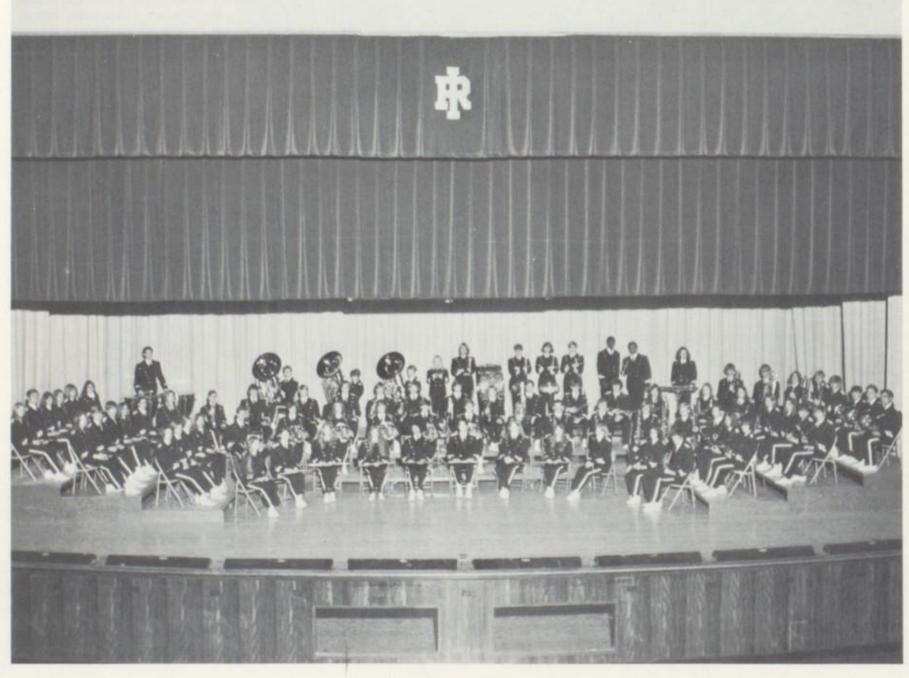

Because of its large membership, the band has separated into two groups, the Symphonic Band and the Concert Band. Smaller groups are formed within these. The Pep Band, Brass Choir and Woodwind Choir consist of the finest performers in those fields.

The band is most often heard providing half-time entertainment at football games or adding to the excitement at basketball games. Members of the group planned a trip to Chicago to view a musical. The band presented two concerts and performed in the annual homecoming parade.

Last year, the group was asked to perform at the ceremony for the dedication of Rock Island's new sea wall.

Teens in Orchestra Give Many Performances in '72

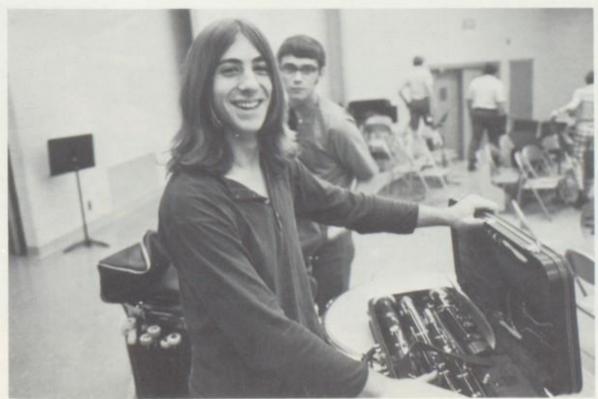

During those long, dreary seventh periods when many students grasp the opportunity to escape drudgery of school life, some students escape another way; during seventh period, members of the Woodwind Choir and Brass Choir work out, musically. The woodwinds and brasses take this time to get together and rehearse for ensemble work. They are

smaller divisions of the Rock Island High School Orchestra.

Long hours of tedious and meticulous practice are needed to master any musical instrument, whether it be a cello, trumpet, or cymbols.

Headed by Cindy Mason and Damon Short, The Rock Island High School Orchestra held several concerts. The first was in November, the next in January, and a concert with the glee club was held in spring. The orchestra also functions as the musical backup to the spring musical. Material presented this year ranged from classical to contemporary, and came under the direction of Mr. Hart.

Scrapbook Memories Are Collected

Watchtower is an organization dedicated to scrapbook memories, preserving the best of the past. A record of and for the individuals, searching for the new, the different, the unorthodox, the staff suffers sleepless nights, and exhaustion to the point of corny outlines and missing mugs.

A statically hectic atmosphere, built on bleeding, cropping, writing, counting picas, recounting picas, and always racing the clock, is a perpetual way of life in the workroom on third floor. Watchtower 1972 is created by co-workers striving for the best.

News Media Is Answered By Crier's Student Staff

Deadlines, cutlines, line counts, lay-outs, heads, and flags journalistic lingo. Crimson Crier covered a variety of topics in their centerfolds, from Downtown Developments to Jesus Freaks, earning praise for community service.

The year 1971-72 brought liberalism; previously tabu subjects of VD, birth control, drug centers were brought to the open. A year of awards, the Crimson Crier received commendation from the US Navy for coverage and a first class ranking from the National Scholastic Press Association.

Through story suggestions, assignments, reporting, writing, rewriting, copy-reading, printing rough drafts, final proofreading, gluing, printing, folding, and distributing, all staff members worked to turn out an informative, entertaining, superior Crimson Crier.

Homecoming Lives On!

Just as the sun and moon follow their yearly course, so homecoming once again arrived, just as brightly and romantically as ever. However the year of 1971-72 was a year of change, and left nothing untouched.

The designated week-end arrived, October 22-23, and not even cloudy skies could dampen the excitement. The festivities began with the annual Homecoming Assembly, dedicated to the Royalty Court, Debbie Phelps, Shellie Moore, Kathy Weeks, Jill Punkiwicz, and Rosie Stottlemyre. Unlike past years, the queen would not be announced until the Homecoming Dance.

The celebration then proceeded downtown where a menagerie was escorted through the streets — this was the parade, keeping in accordance with the theme, "Under the Bigtop". The five Royalty were seated on a giant clown's head. The winning float was the senior's "Seal a Victory". The night ended with the Homecoming Game against the East Moline Panthers — one can't be perfect, as the "Section" found out when their 130 yard sign split a few seams.

The climax occurred Saturday night. The gym was transformed into a circus. A train of giraffes, camels, monkeys, tigers, and other animals adorned the walls, and a peanut stand was added to the scene. Authenticity was achieved with six clowns carrying multi-colored balloons around the room.

The announcement and coronation of Queen Rose Stottlemyre was the beginning of the fun. Vice-President of Senate, John Cochran presented the queen with roses, and the Chamber Choir sang "The Sweetheart of Rocky High" and "Close to You". Music was provided by "Fyre Child". Dinners and parties followed the dance. All this was Homecoming '71—basically no different from others, but special in the minds of its creators.

Great Variety of Shows Meet Critics at Rocky

And then there was Friday! Friday sounds great by itself, but the day always seems to go just that much faster when it happens to be an assembly day. Assemblies are a means for keyed up students to unwind.

Assemblies come in all shapes and sizes, all colors and forms, and they usually come in shifts. This year was one of a guitarist, playing and explaining. It was a year of Indian dances, Hell's Angels, five-way trumpets, and black belts. And it was a year of Simon and Garfunkel, Jonie Mitchell, and Trini Lopez, through the talents of the Irish Duo. And who could forget the Pep Sessions and being taught the school song?

SPORTS

Rocks Fine Defense Greatest Asset

The Rock Island Rocks under the guidance of Coach Gary Embretson turned in a 4-5 record.

The Rocks opened the 1971 season on a bright note with an easy victory over Alleman.

The next week, the Rocks ran into some serious trouble against Moline and unfortunately when the dust cleared, Rocky had posted its first loss of the season.

The Rocks pushed this aside and went on to defeat Assumption.

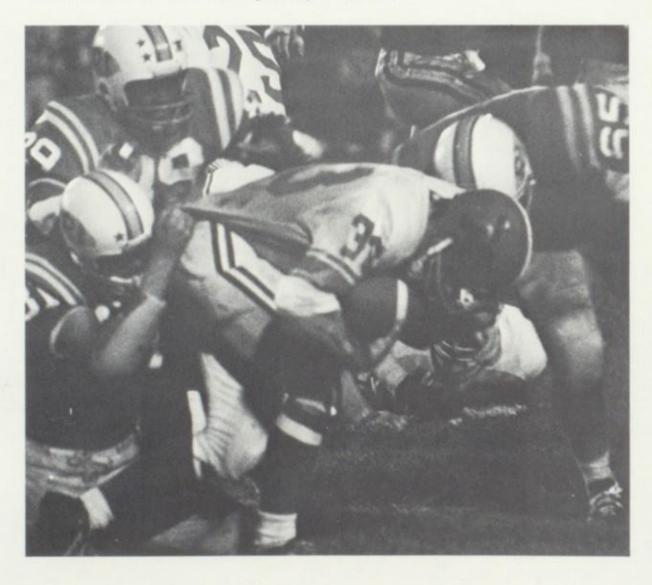

Morale again boosted, they traveled to Galesburg to crush the Silver Streaks 28-0. Defense, the Rocks most valuable asset, held them scoreless, making it easy to take control of the game.

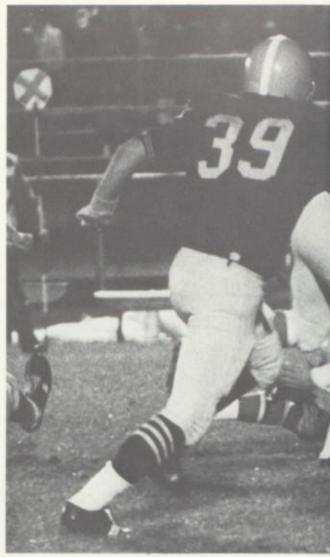

The Davenport West game was undoubtedly the most disappointing game of the season. The only points the Rocks scored were from field goals by junior Wally Bradley during the first half. In the fourth quarter with the score 6 to 10 and one second of playing time left, Henry Clash threw a touchdown pass to Delano Thornton, but the touch down was nullified because of a penalty.

In the two following games, the Rocks lost to East Moline and Davenport Central.

The Rocks then traveled to Rockford to challenge the Warriors. The two teams were evenly matched, but with only 14 seconds left, it looked as though the Rocks would lose 6-7. Then super kicker, Wally Bradley, came in and calmly kicked a 29 yard field goal against a 35 mile per hour wind to put the Rocks ahead 9-7.

The Rocks closed the season with a loss to Quincy, the Western Big 6 title holder.

This year's 1971 sophomore football team ended its season with a perfect 9 wins - 0 losses record. The only other time that this outstanding feat has been accomplished was in 1942. Even then the Little Rocks played only 8 games.

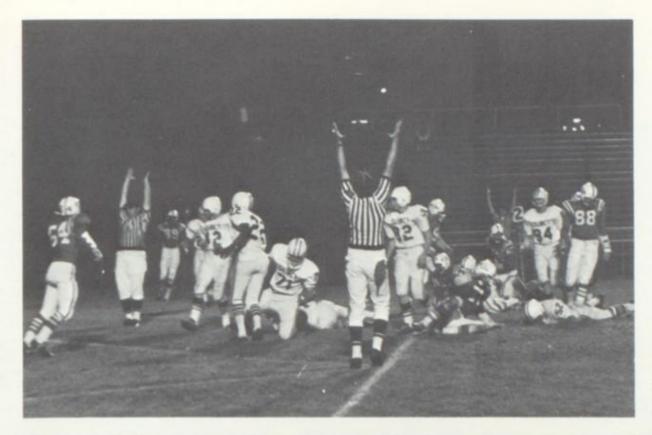

The sophomore's perfect record is attributed to the great efforts and qualities of head coach John Benn, his assistants, and the determination and willpower that the Pebbles carried throughout their season.

The Little Rocks opened their season

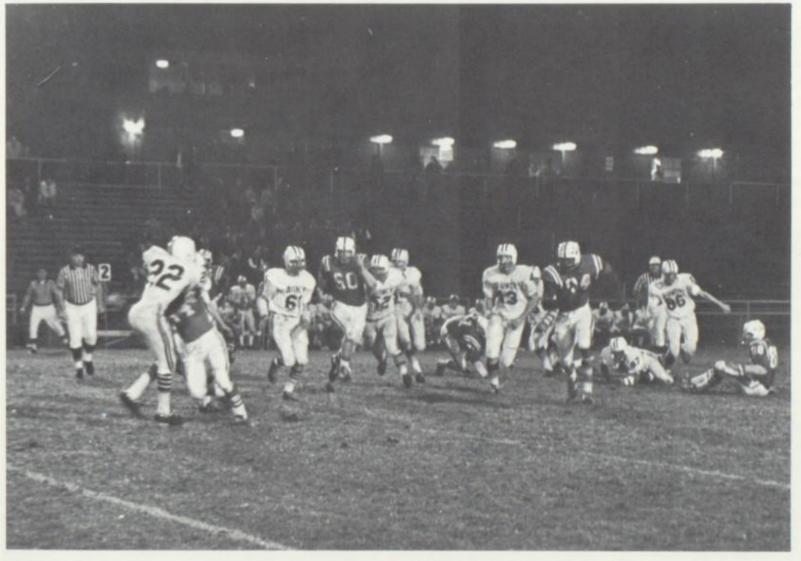

by clenching Alleman 27-0, and winning the city title. They then went on to beat Moline and Assumption, giving only Moline a chance to score. The Pebbles traveled to Galesburg and easily defeated them with a score of 28-0. They then smothered Davenport West and East Moline, carrying 7 touchdowns each game. They left Central scoreless and romped Rockford West, 20-6. The sophomores victoriously closed their season 28-6 over Quincy.

Rocks Take District Title

The returning Rock Island wrestling veterans Mike Boughan, Jerry Vesey, Greg Moroni, Robert Hill and John McDuffy were the backbone to Chet Schuktz's fine varsity "rassling" squad. Vesey and Hill both snatched firsts in the Quadrangular tournament, while Rock Island placed third. Coach Gerber's sophomore team traveled to Galesburg and grabbed first place in the Sophomore Western Big Six tournament. The Rocks placed first out of twelve teams that participated in the District tournament which was held at East Moline, and proudly earned their first big step to state. Although the Rocks began a new season building back much of the strength lost to last year's senior wrestlers, determination and willpower helped this year's squad achieve their victories.

Rock Island's young swim team undoubtedly had a good season. The Rocks were led by seniors Kenn Shoemaker and Mark Greenleaf, while most of the remaining strength was held in the sophomores. The team began its season by placing fourth out of eight teams in the Rock Island Relays. They then went on to top Clinton, Macomb Western and Assumption with easy victories. The sophomores captured the Quad-City Sophomore title, rolling up 105 points to second place Central's 53. Kenn Shoemaker traveled to state in the 50 and 100 yard freestyle, while the 400 yard free relay team of Shoemaker, Craig Kirkpatrick, Dave Andrews and Vince Ackerson also went to state. Ackerson became the first freshman to compete in the state swim meet in Rocky's history. Coach Friedreichsen's second year as coach proved rewarding, as his team grew to be a most powerful one.

Rocks Fall to a Defeated Season

The varsity basketball squad under the guidance of Coach Bob Riley compiled a 5-16 season record. The Rock's cagers faced one of the toughest schedules in the state. Most games were played against top ranked teams. The Rocks were underdogs coming into almost every game, but it never seemed to bother them.

The opening game of the season was a loss to Assumption. The Knights outscored Rock Island by twenty points in the first period, putting the game out of reach, the remainder of the game was played evenly. The next game was an easy 84-65 victory over Rockford Auburn.

The following week, Rocky played a good game against East Moline, but the

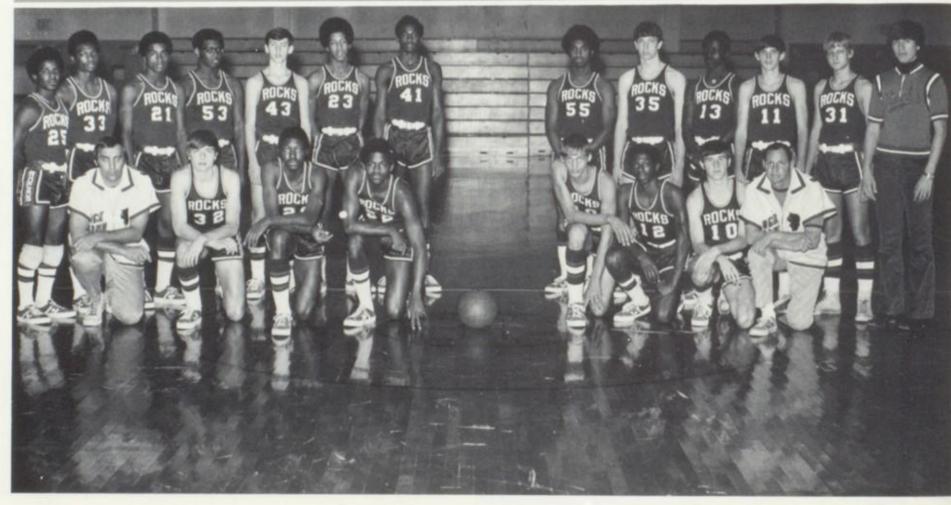

Panthers slipped by with a five point advantage.

The highlight of the season came when the Rocks upset Quincy 73-70. After that sweet taste of victory, the Rocks challenged Davenport West. Rocky led much of the game until the last seven seconds, when Steve Saladino scored, putting West one point ahead.

The following four games were losses to some very strong ball clubs. The Rocks then hosted Davenport Central and Assumption and were victorious over both.

The 1971-72 year was head coach Bob Riley's last; he resigned following at the end of regular season play after 16 years as varsity coach for the Rocks.

Little Rocks Show Off True Colors

It took the football oriented Little Rocks some time to show their true colors on the basketball court, but by February they found themselves still in contention for first place in the Metro Conference. At this time, Ron Jett was elevated to the varsity squad to help them the remainder of the year.

During the Holiday Tournament at

East Moline, the Rocky sophs almost upset top-seeded LaSalle-Peru in the opening game, with a score of 65-60.

Highlights of the year had to be a second place finish in the Metro Conference and revenge wins over rivals Alleman and Galesburg near the end of the season.

Rocks Take District Titles

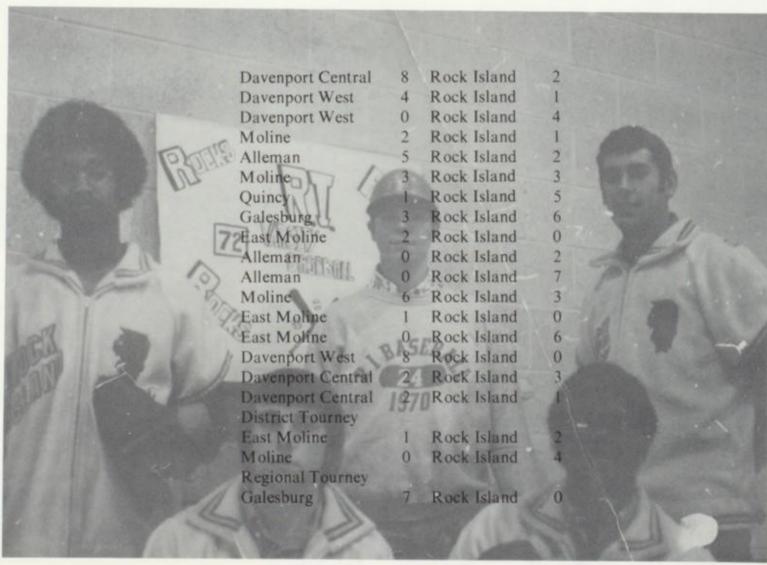

The Varsity Baseball team coached by James Seeley ended their 1971 season with an 11-10 record. The season was highlighted by victories over Quincy, Galesburg and Davenport Central. Central has been Iowa's state champion for three years straight.

Leading pitchers for the Rocks were Barry Barnes and Dave Brieby. Leading homerun hitters were Jack Pagett and Bruce Walker. Bruce Walker also led the team in hits, stolen bases and team batting average.

In tournament play the Rocks took District for the second time in three years defeating Moline 2-0. The Rocks were stopped in their quest for state by Galesburg.

The 1972 team will be led by veterans Dave Breiby, Mike Thomas, Brent Allison, Rick Edgerson, Mike Nessler and transfer student Cap Taylor.

Rocks Second in Metro Conference

The varsity Track team completed the 1971 season by winning four of six dual meets losing only to Moline and East Moline. The Rocks placed second in the Metro conference and Big 6. The team seized third in the District and boasted nine state qualifiers. The Little Rocks had a perfect 5-0 season. The underclassmen were able to capture second in the Metro conference and Big 6.

This spring the Rocks and Coach Duane Bonsall look forward to another fine season.

Fall Track Team First in District

The 1971 varsity fall Track team under the direction of Duane Bonsall, turned in a 4-4 record this season. The Rocks went on to place second in the Quad-Cities, first in the Big 6, and first in the District, before they were finally stopped in the Sectional, placing eighth.

The junior varsity proved themselves by winning six of seven meets. They also placed first in the Quad-Cities. The Little Rocks won two meets and were forced to forfeit four. The Pebbles ranked fourth in the Quad-Cities and third in the Big 6.

R. I. Golfers Win Quad-City Metro

Last spring, Rocky enjoyed what was undoubtedly the finest golf team in the history of competitive Rock Island High School golf. The team of Tom Blakely, Ted Stone, Doug Elliott, Reed Carlson, and Marty Davis was responsible for an undefeated season in the Quad-City Metropolitan Conference, a second place finish in the Western Big Six Tournament, a fourth place finish in the prestigious Quincy Invitational Tournament, a second place finish at the District, a first place finish in the first sectional in golf, a thirteenth place finish at state, and the establishment of

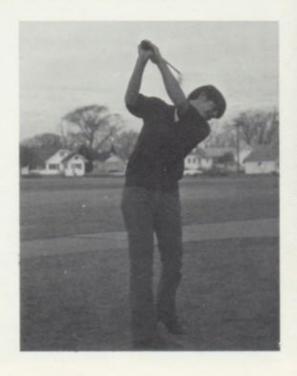

no fewer than thirty-two high school and conference records.

Having lost all five members of last season's championship team through graduation, Coach Dave Wood began to rebuild this fall around freshman Dave Stone, junior Tim Montgomery, and seniors Scott Schroder, Gary Carlson, Mark Rice and Jim Bjork. After a disappointing fifth place finish in the fall conference, the Rocks look forward to overcoming their inexperience and becoming a championship threat in the spring.

Rock Island Netters Go Undefeated

Coach Bob Motz's 1971 tennis team completed its season with another perfect record. His spring team wound up the season winning the Western Big Six, Quad-City and District Conferences. Steve Briggs headed the outstanding team as District singles champ, while Scott Reid and Steve Brown took the District doubles. The spring dual meets ended up with 16 wins — 0 losses.

The fall tennis team closed its season with 6 wins — 0 losses, accumulating 53 straight wins in dual meets. Dick Hainline led the fall team and won the Quad-City singles at the number one division.

Determined Netters Go Undefeated

Under the direction of Coach Emma Trackwell, this year's girl's tennis team remained undefeated in dual meets during the fall. Susie Briggs led the players in the number one division, while Jean Coberly kept a close second. The girls worked determinedly throughout their season, winning various titles and giv-

ing pride to all of Rocky for outstanding leadership. The other members of the varsity squad, Margie Dew, Pam Zwer, Debbie Chappell, Karla Slivken, and Mary Huffman, helped to make Rock Island's tennis team a most victorious one.

Cheerleaders Add Spirit

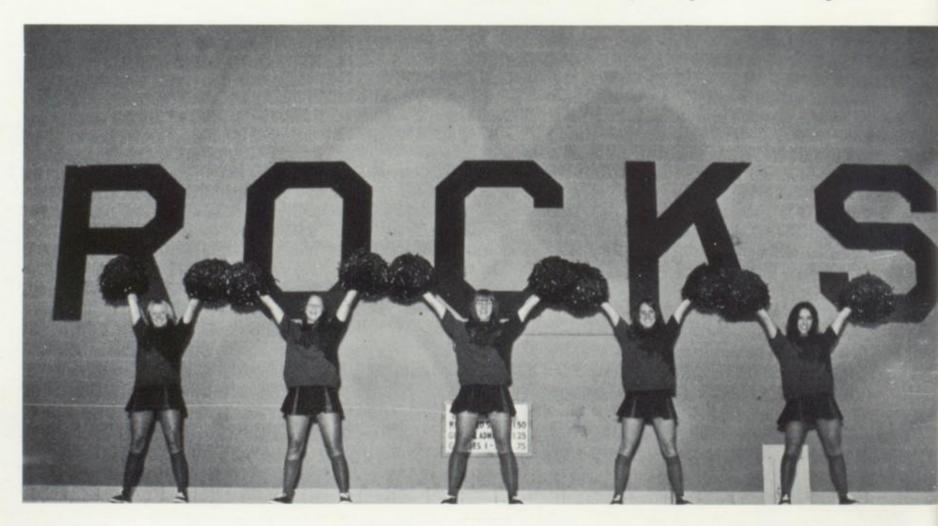

Striving to provide pep and enthusiasm throughout the school, fifteen spirited cheerleaders screamed their way through football games, basketball games, wrestling and swimming meets. They decorated the halls with red and gold signs, performed skits during pep assemblies, and carried their unbounded spirit in their smiles and yells.

This year the sophomore cheerleaders were chosen by three cheerleading judges. They created new cheers and brought new spirit to Rocky.

The swimmers and wrestlers depended on the junior cheerleaders to boost them to a victorious season.

This year's varsity squad was awarded six superior ribbons and the "spirit stick" at Illinois State University, where they attended clinic this summer. They were chosen as one of the top five out of the 120 groups that attended. They performed on the mini tramp at football games, and "can-canned" at basketball games. Their support and organized perfection brought pride to all of Rocky.

Our fifteen cheerleaders were coaches of spirit and pep. Their efforts were not wasted, for they succeeded in providing enthusiasm, and led the year of sports to a rewarding end.

INDIVIDUALS

Seniors Exit One by One by One

After suffering the slings and arrows of nearly five-hundred forty school days, of sixteen academic "progress reports", of three registrations and dismissals, and of sixteen credits, the Senior has surely earned his title.

The senior is a king among men. He has gone from saddle shoes to desert boots, from Tussy to Chanel No. 5, from pleated plads to grubby blues, from bicycles to cars, to bikes again. He has lived through granny gowns, hot pants, straight legs, bells, hornrims, wires, Pep-

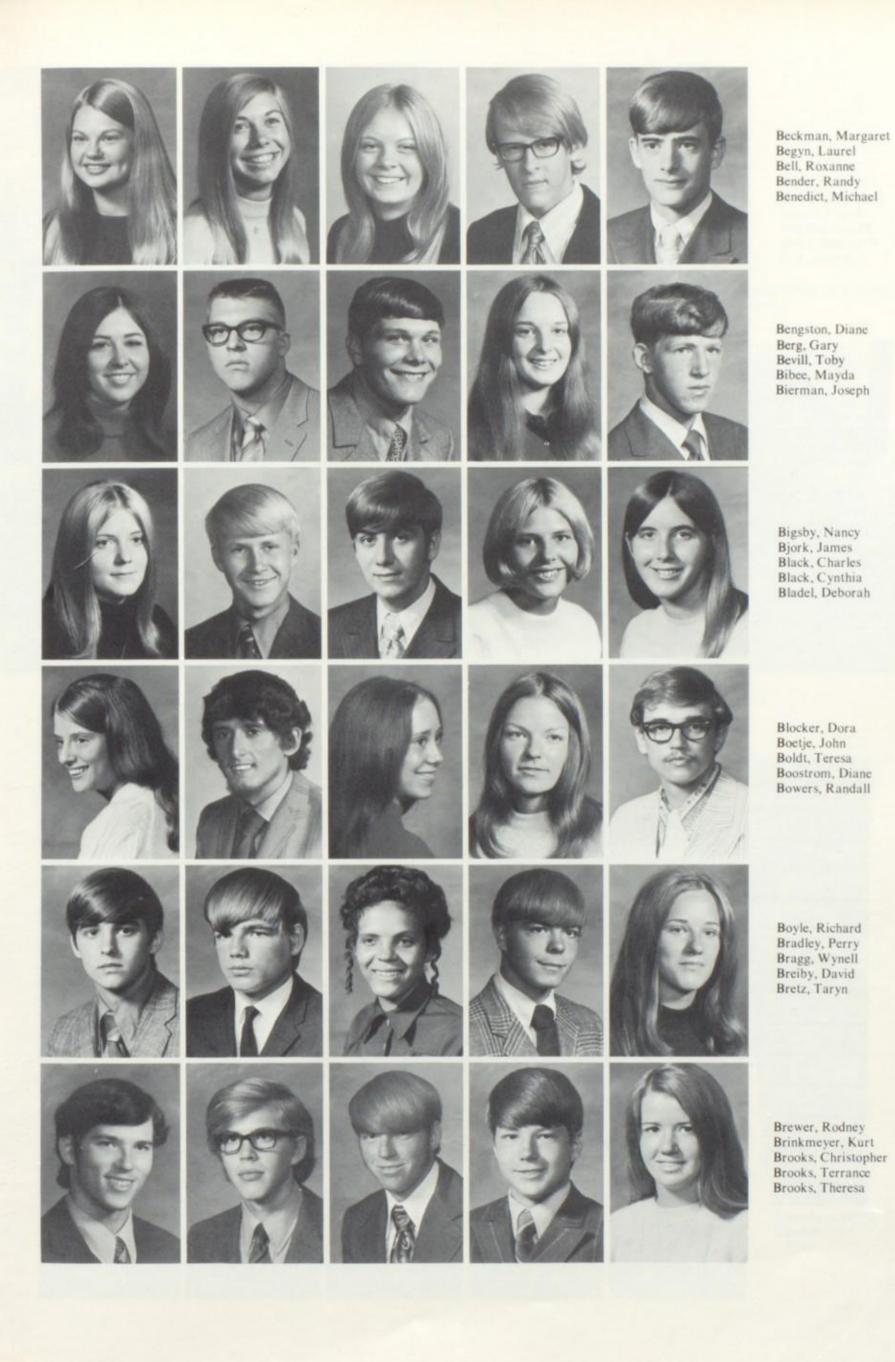

si, Ripple, and all the other idiosyncracies of his day.

However, the three years at Rocky are over, no matter how quickly, slowly, wisely, foolishly, zealously, or wastefully spent; they are gone. For some, the future holds school, for some, work, and others a home of their own. Perhaps the senior is not as able as he thinks; however, armed with his tassle, diploma, and own unique self, he will attack the world with all he can muster, and he will live.

Leading the class of 1972 are Willie Seward, President, Betsy Lambert, Secretary-Treasurer and Peter Soderberg, Vice-President.

We did it! Are we not the greatest ones? Yes we are the greatest ones!

Juniors Spend Year In Anticipation, Preperation, Worry.

Too old to feign naivete; too young to claim charisma — such is the plight of the junior. Having survived the one year trial period at Rocky, he is now closely enmeshed in the system. With his new found superiority, the junior's view of high school is slightly obstructed — by his nose. However, though the junior knows the ropes, he is still not master and life sometimes becomes blase.

Although the middle year of high school may seem the least exciting, the junior is actually the backbone of the school. It is the junior who works, where the sophomore proves incompetent and the senior abstains from active duty. The junior is busy hassling with subjects he

would like to eliminate before his final ascension to seniority. His future is continually thrust at him through ACT, PSAT, and National Merit Tests.

Let us not assume the junior's sole mission in life is that of an indentured servant. As a new member of that elite group of Rocky students, known as the varsity, the junior is allowed to participate in the many activities for the big boys and girls. This includes taking that special person to Prom or Homecoming, being a member of the Senior Glee, the paper or yearbook, and participating in sports on the varsity level. The junior becomes part of the festivities as he presents four to lead the graduating class;

and finally, his class orders its own class ring.

The junior has become daring in his old age. He perfects the art of bluffing. He learns how to divert the conversation from the subject at hand. He determines just how late he can be to class before being counted absent. He discovers prayer.

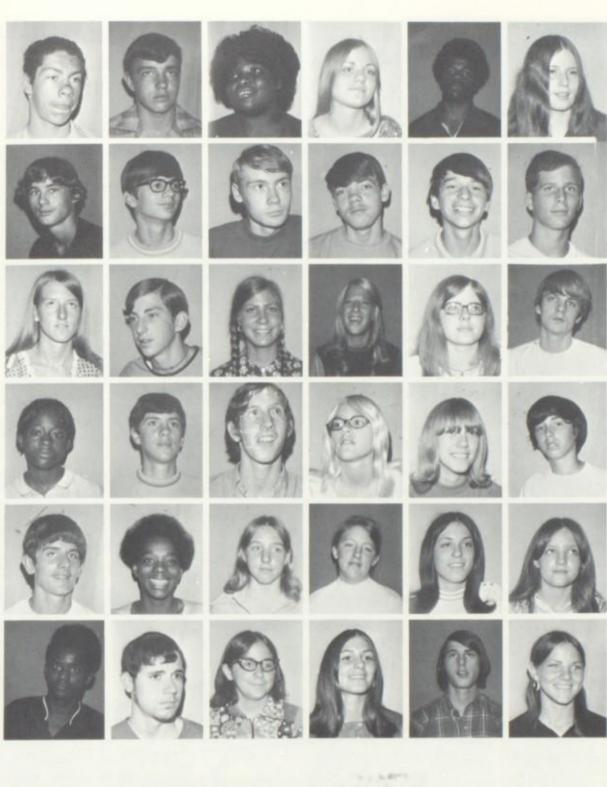

Basically though, the junior remains in a state of suspended animation. He spends his year preparing, anticipating, expecting, and possibly, worrying a bit, for the junior is the waiter — waiting for his turn as a member of the Senior Class of '73.

Junior class officers are Joyce Quale, Vice-President; Dan Williams, President; Rhonda Bennett, Secretary-Treasurer.

Sophomores Accept Traumas Of Everyday Life At Rocky

Contrary to popular belief, being a sophomore is not a common childhood disease; it is, rather, a condition existing between puberty and young adulthood. Special care and understanding should be extended towards individuals in this difficult period of transition.

Being a sophomore means leaving behind the securities of one's youth and accepting the traumas of everyday life at Rock Island High School. Being a sophomore means experiencing, learning, adapting, putting one's faculties into full use. He begins by placing one foot in front of the other and plunging head-long into the rat race.

To the incoming underclassman, Rocky looms formidably around him, a suffocating, swarming mass of unfamiliar faces. Gradually, as the weeks pass, things come into focus and, oftentimes, literally fall into place. However, the sophomore soon co-ordinates his muscles and finds he can move his tray from the lunch line to the table without losing its contents. With this newly acquired dexterity, the sophomore undertakes more difficult feats, such as a back flip on the trampoline, a shaky disection in biology, or a first turn in the driver's seat.

The sophomore begins to question. "When does the bell ring?" "Is there an assembly Friday?" "Why do the seniors always win the pep contest?" "Does that clock really work?" "What am I doing here?" The sophomore develops mentally. He begins to understand the slightly off-color remark made in the last assembly.

A sophomore is a contradiction, even from the name "sophomore", from the Greek "sophos", meaning "wise" and "moros", meaning "foolish". He is old and young, a restricted person fighting to break free. His questions become directed inward, and he is all the wiser for answering "I don't know."

The key verb in the sophomore's life becomes "endure". He learns to live on three hours' sleep, chances, and nearly shattered nerves. He packs away the bubblegum of yesterday in exchange for the hard rock of tomorrow. Somewhere in the rubble of discarded dreams left behind, he chooses and holds onto the most meaningful.

And somewhere, somehow within those 270 days, much to the chagrin of his superiors, the sophomore has come into his own. The knocks, bumps, bruises, gambles, and losses have reversed themselves into one shining victory. Lo and behold, having defied the laws of nature, the sophomore has emerged from a cocoon to a member of the human race.

Sophomore class officers are Vice President, Donna Davis; President, Mike Foley; and Secretary-Treasurer Becky Strutz.

If a man does not keep pace with his companions, perhaps it is because he hears a different drummer. Let him step to the music he hears, however measured or far away.

Henry David Thoreau
